

# POLY FURNITURE

*where outdoor living is made easier...*

## SATISFACTION

If you're looking for outdoor furniture to complete your patio or gazebo, yet you don't want to spend a lot of time caring for it, you've found the right place! At LuxCraft our goal is *quality*. Poly furniture is a maintenance-free furniture that can be left outside all year around. Thank you for the opportunity in letting us serve you!

## QUALITY

Quality is our number one goal! What makes LuxCraft so much better? We reinforce our swings, gliders, and benches with aluminum angle braces. All furniture is assembled with stainless steel hardware. Poly glider arms are used for a stronger, smoother glide. Swings come with a heavy-duty chain rated at 800# per side. Be sure to look for the LuxCraft plate on our furniture!

## POLYETHYLENE

These quality pieces of handcrafted furniture are made of polyethylene. The high density polyethylene raw material utilized in poly lumber is derived from post-consumer bottle waste such as milk containers. This material is cleaned in a decontamination process to a purity level of over 99% HDPE. It is then compounded into rigid board stock material; the resulting finished product containing over 90% recycled post consumer waste by weight.

- No maintenance such as painting, scraping or replacing.
- Termite resistant.
- Will not crack, splinter, warp, or rot.
- Will not promote bacterial growth or mildew.
- Will not weather from natural elements.
- U.V. stabilized (fade-resistant)
- Assembled with stainless steel hardware.
- Chairs, gliders, and swings are reinforced with aluminum angle braces.
